DECISION ON PETITION

This is a decision on the petition under the unintentional provisions of 37 CFR 1.137(b), filed May 22, 2008, to revive the above-identified application.

The petition is **GRANTED**.

The two-month period for filing an appeal brief under 37 CFR 41.37 (accompanied by the fee required by 37 CFR 41.20(b)(2)), runs from the date of this decision.

This application became abandoned for failure to timely file a reply within the meaning of 37 CFR 1.113 to the Final Rejection of August 22, 2007. The proposed reply required for consideration of a petition to revive must be a Notice of Appeal (and appeal fee required by 37 CFR 41.20(b)(2)), an amendment that *prima facie* places the application in condition for allowance, a Request for Continued Examination (RCE) and submission (37 CFR 1.114), or the filing of a continuing application under 37 CFR 1.53(b). See MPEP 711.03(c)(III)(A)(2). No extensions of time pursuant to the provisions of 37 CFR 1.136(a) were obtained. Accordingly, the date of abandonment of this application is November 23, 2007.

The petition satisfies the requirements of 37 CFR 1.137(b) in that petitioner has supplied (1) the reply in the form of a Notice of Appeal with \$255 fee; (2) the petition fee of \$770; and (3) a proper statement of unintentional delay.

There is no indication that the person signing the petition was ever given a power of attorney or authorization of agent to prosecute the above-identified application. However, in accordance with 37 CFR 1.34(a), the signature of Grant H. Peters appearing on the petition shall constitute a representation to the United States Patent and Trademark Office that he is authorized to represent the particular party in whose behalf he acts. If petitioner desires to receive future correspondence regarding this application, the appropriate power of attorney or authorization of agent must be submitted.

Additionally, it is not apparent whether the person signing the statement of unintentional delay was in a position to have firsthand or direct knowledge of the facts and circumstances of the delay at issue. Nevertheless, such statement is being treated as having been made as the result of a reasonable inquiry into the facts and circumstances of such delay. In the event that such an inquiry has not been made, petitioner must make such an inquiry. If such inquiry results in the discovery that it is not correct that the

entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional, petitioner must notify the Office.

In addition to receiving a Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37CFR 1.137(b), the United States Patent and Trademark Office received a payment of \$525 for a three month extension of time on May 22, 2008.

An extension of time under 37 CFR 1.136 must be filed prior to the expiration of the maximum extendable period for reply. *See In re Application of S.*, 8 USPQ2d 1630, 1631 (Comm'r Pats. 1988). Since the \$525 extension of time fee was subsequent to the maximum extendable period for reply, this fee is unnecessary and will be refunded to the petitioner's deposit account.

Telephone inquiries concerning this decision should be directed to Denise Williams at (571) 272-8930.

This application is being referred to Technology Center AU 3734 to await the filing of an appeal brief or for such other appropriate reply as may be submitted to continue prosecution of the application.
